

Wire Mesh Locker and Special Solutions

Wire Mesh Lockers

- Robust, Mesh Lockers allow for excellent ventilation and high visual security
- Manufactured from 25 x 25 x 2.5mm mild steel weld-mesh on a 8mm round bar frame.
- All lockers come complete with fitted brackets to enable nesting side-by-side and back-to-back and fix to wall.
- All lockers are fitted with 150mm integral legs with the capability of fixing securely to the floor.
- All doors are fitted with Hasp & Staple for use with padlocks (sold separately).
- Single & two door lockers are fitted with Hasp & Staple and 3 point locking system.
- All lockers are also available WITHOUT doors.
- Sloping Tops option, eliminates the possibility of any items being stored and the accumulation of debris on the top of the lockers.

1" x 1", 2" x 2", 2" x 1/2"

1/2" x 1/2", 3" x 1/2", 7mm x 7mm

Different wire diameters available

We offer various finishes for your products:

Hot Dip Galvanising Can be used for outdoor items to preserve the product from rust.

Bright Zinc Passivate is a very popular finish, being more attractive than Hot Dip Galvanising. Again can be used outside but depending on the level of moisture exposure the lifespan may not be as long. A top-coat can be applied to enhance the life of the product and give increased corrosion resistance.

Epoxy Powder Coated A choice of colours available to personalise your product to most RAL or BS references.

Plastic Coating is also a popular choice, with a softer more durable finish and available in a choice of colours.

Point of Sale - Standard Range

We can offer a vast range of P.O.S Display items that are regularly being produced and enhanced for specific uses Including:

- Shop fittings • Card Stands • Gift Wrap Stands • Dump Bins

Finishes:

Plastic Coating: is the most popular finish for display products. That is attractive, durable and easy to clean. The standard colours are Black, White & Silver but we do offer a range of alternative colours. Epoxy Coating, offers a vast range of colours and finishes and can be matched by most RAL or BS references.
